The Mission to pray for this week is:  
**COMPASSION**—Ian Gardner (734742)

*For almost a year now Compassion has been struggling to continue to be able to send funds to India because the Government there has imposed restrictions preventing Compassion and more than 11,000 other NGOs from doing so under the Foreign Contributions Regulation Act. All Saints has been sponsoring four children namely, Mouni (6), Saniya (6), Rekha (6), and Anurag (7) all in Compassion projects in India. We can no longer send sponsorship money or letters or gifts to the children. Strenuous efforts with representation at governmental level have been going on to restore support for the more than 130,000 children affected but Compassion will have to close its work in India next month unless there is a miracle breakthrough before then.*

**Please pray:-**

- For protection and ongoing support for all the children sponsored in India especially Mouni, Rekha, Saniya and Anurag whose links with us have been broken;
- Continuing negotiations with the Indian Government to succeed in softening the hearts and pricking the consciences of the authorities;
- Compassion staff in India as their work and achievements are threatened with closure;
- The local churches (more than 500) who run projects and have persevered most faithfully to fill the funding gap over the past year;
- Compassion to be able to return to India even if they cannot continue under the present Indian Government.
